

Unifesp Call n. 22/2019 for Postdoctoral with experience abroad

Unifesp Institutional Internationalization Project (IIP- Unifesp)

Capes-Print Program

The Rectorate for Graduate Studies and Research of the Universidade Federal de São Paulo (Unifesp) makes public the call for the selection of candidates for Postdoctoral fellowship with experience abroad, related and not related to the projects approved at [Unifesp's Institutional Internationalization Project \(IIP- Unifesp\)](#) in the framework of [Capes Call N.41/2017](#).

I. Objectives of the Capes-Print Program

1. To promote the construction, implementation and consolidation of the strategic plans for internationalization of the institutions contemplated in priority areas of knowledge;
2. To stimulate the formation of networks of international researchers aiming at improving the quality of the academic production linked to graduate studies;
3. To expand actions to support the internationalization of graduate studies in the contemplated institutions;
4. To promote the mobility of faculty and students, with emphasis on doctoral students, postdoctors and faculty from abroad linked to *stricto sensu* graduate programs with international cooperation;
5. To encourage the transformation of participating institutions into an international environment;
6. To integrate other Capes development actions into the internationalization effort.

II. Goal

To attract researchers or faculty, Brazilians or foreigners, residing in Brazil or abroad, who have relevant academic-scientific experience abroad (as full PhD abroad or postdoc for at

least 12 months abroad), for teaching or research activities in [projects](#) and [Graduate Programs](#) participating in the IIP-Unifesp.

The execution of the activities at Unifesp aims to contribute to the advancement of strategic themes and Unifesp's institutional development.

III. Duration

The duration of the fellowship will be from 6 to 36 months.

IV. Registration requirements and candidate assignments

1. To be a foreigner or Brazilian who has developed a research project abroad in the area of research that is part of IIP-Unifesp for at least 3 years;
2. To have a doctor's degree and production indicators compatible with those required for permanent faculty accreditation at the Graduate Program to which they will be linked;
3. To have the ORCID registration that provides a unique identification related to the academic and research areas. Registration is free and can be done at <https://orcid.org/>.

V. Scholarship and financeable items

Monthly allowances, travel assistance, installation assistance and health insurance according to Capes Call N.41/2017 [Annex XI](#).

VI. Documents required for application

All documents below are required, and all of them must be submitted in English. The application must be completed by completing this [electronic form](#).

- a) Summary of the research project;
- b) Plan of activities with schedule to be developed during activities at Unifesp. The document must have a maximum of ten (10) pages of spacing 1,5, Times New Roman 12, with margins of 3.5 cm to the left and 1.5 cm to the right;

c) Justification of the importance of the activities in order to contemplate the 4 axes below:

1. Qualification of the academic indicators of the actors involved, as well as the performance of the Institution of origin, regarding: the infrastructure and research environment available for the project, indicators of excellence of the partners in the area and history of previous collaboration with Unifesp researcher (publications, short-term sabbatical/internship programs, joint applications of grants);
2. Justification of the relevance of the proposal submitted in terms of the appropriation of a new domain area and/or technology platform, so that the theme based in Unifesp and the candidate's home institution obtains a qualitative leap in scientific production related to the thematic axis in question;
3. Planning of scheduled activities to continue this collaboration. It is recommended to include the possibility of joint application to international grant, mentioning the work schedule involved in this application;
4. Expectation of academic gains for the collaboration/mobility to be financed, such as the inclusion of Unifesp in international research networks, large-scale and potential multicentric projects, university consortia, activities that give international visibility to the group, to Unifesp and to the foreign institution as well as publications in top 10 journals in the area, etc.

d) Curriculum Vitae updated, summarized;

e) Curriculum of Unifesp's faculty host extracted from Lattes Platform. It is mandatory that the faculty host is accredited to a [Graduate Program participating at IIP-Unifesp](#);

f) Acceptance Letter of Unifesp's faculty signed, in stamped paper, with the start and ending dates of the activities (month and year).

VII. Obligations of the research fellow

It is the responsibility of the selected candidate:

1. To check with the competent consulate the documentation and the requirements to obtain the appropriate visa and possible sanitary requirements;
2. To commit to the provisions of the Commitment Terms of the Capes Call N.41/2017 [Annex VII](#).
3. Foreign applicants to fellowships in Brazil who are not native speakers of Portuguese or English must attend to item 5 of the [Annex XII- Capes Print Call](#).

VII. Requirements of the institution abroad

If the candidate is associated to a foreign institution, it should have excellence in the subject of the research and it must be registered at the IIP-Unifesp. The project's coordinator is responsible for the institution registration at Capes.

IX. Evaluation, selection process, appeal and result's homologation

The evaluation of the applications will be done in two steps, in a comparative way, based on the documentation presented in item VI.

The first step will be carried out by the coordinators of the research projects participating in the theme based on the analysis of the documents requested in item VI. The pre-selected applications will be forwarded by the theme coordinator to the Management Group that will for the final evaluation.

The final result will be published by Unifesp's Rectorate of Graduate Studies and Research on the website <http://print.sites.unifesp.br>.

Unapproved candidates may appeal by sending a message to the theme coordinator within 5 days after the final result is released. The Management Group will respond to the appeal and homologate the result.

X. General provisions

Information about the Graduate Programs participating in each theme, coordinators' research projects and e-mails are available at <http://print.sites.unifesp.br>.

Serviço Público Federal
Universidade Federal de São Paulo
Pró-Reitoria de Pós-Graduação e Pesquisa

Omissions and exceptional cases will be decided by the Management Group.

Any doubts not clarified by this call can be cleared through cafesprint@unifesp.br.
